

ORDINANCE NO. 2023-890

UPPER MERION TOWNSHIP

AN ORDINANCE OF UPPER MERION TOWNSHIP, MONTGOMERY COUNTY, PENNSYLVANIA, AMENDING THE TOWNSHIP CODE TO CREATE A NEW CHAPTER, SINGLE-USE PRODUCT REGULATIONS, TO REGULATE THE DISTRIBUTION AND USE OF SINGLE-USE CARRY-OUT BAGS, SINGLE-USE PLASTIC STRAWS, SINGLE-USE PLASTIC UTENSILS, AND EXPANDED POLYSTYRENE FOOD SERVICE PRODUCTS; TO PROMOTE AND FACILITATE REUSABLE BAG, STRAW, UTENSIL, AND CONTAINER USE; AND TO ADD FINDINGS, DEFINITIONS, FEES, REQUIREMENTS, ENFORCEMENT, PENALTIES, AND EXEMPTIONS RELATING TO THE DISTRIBUTION AND USE OF SINGLE-USE CARRY-OUT BAGS, REUSABLE BAGS, SINGLE-USE PLASTIC STRAWS, SINGLE-USE PLASTIC UTENSILS, AND EXPANDED POLYSTYRENE FOOD SERVICE PRODUCTS

WHEREAS, the Pennsylvania Second Class Township Code authorizes the Board of Supervisors of Upper Merion Township to make, amend, and adopt ordinances that are consistent with the constitution and laws of the Commonwealth when necessary for the proper management, care, and control of the Township and the maintenance of peace, good government, health and welfare of the Upper Merion Township ("Township") and its citizens;

WHEREAS, Article 1, Section 27 of the Pennsylvania Constitution, known as the Environmental Rights Amendment (the "Amendment"), provides that people have the right to clean air, pure water, and to the preservation of the natural, scenic, historic, and aesthetic values of the environment. Pennsylvania's public natural resources are the common property of all the people, including generations yet to come. As a Trustee of these resources, the Commonwealth shall conserve and maintain them for the benefit of all the people;

WHEREAS, the Amendment imposes two basic duties on the Commonwealth and its political subdivisions, such as the Township, to: 1) prohibit the degradation, diminution, and depletion of the public natural resources, and 2) act affirmatively via legislative action to protect the environment. *Pennsylvania Environmental Defense Foundation v. Commonwealth of Pennsylvania*, 161 A.3d 911 (Pa. 2017);

WHEREAS, this ordinance is enacted to achieve the Township's duties under the Amendment by minimizing the degradation, diminution, and depletion of the public natural resources within the Township and to affirmatively enact legislation designed to protect the environment within and around the Township;

WHEREAS, for the reasons set forth in more detail below, the Board of Supervisors intends to preserve, maintain, and enhance the health of its residents and visitors, as well as the public natural resources and common property within and around the Township, by regulating the distribution of single-use bags, single-use plastic straws, single-use plastic utensils, and expanded polystyrene food service products within the Township;

WHEREAS, the Board of Supervisors has met the procedural requirements of the Second Class Township Code for the adoption of the proposed ordinance, including advertising and holding a public hearing; and

WHEREAS, the Board of Supervisors, after due consideration of the proposed ordinance at a duly advertised public hearing, has determined that the health, safety, and general welfare of the residents of Upper Merion Township will be served by this amendment of the Upper Merion Township Code to regulate the distribution of single-use bags, single-use plastic straws, single-use plastic utensils, and expanded polystyrene food service products within Upper Merion Township;

NOW, THEREFORE, BE IT ORDAINED AND ENACTED by the Board of Supervisors of the Upper Merion Township, Montgomery County, Pennsylvania, it is hereby enacted and ordained by the authority of same, as follows:

I. Code Amendment. A new Chapter entitled “Single-Use Product Regulations” is hereby added to Part II, General Legislation, of the Upper Merion Township Code to provide as follows:

SINGLE-USE PRODUCT REGULATIONS

§1. Purpose and Findings.

A. Purpose. The purpose of this Chapter is:

- (1) To reduce the use of single-use bags, single-use plastic straws, single-use plastic utensils, and expanded polystyrene food service products within the Township.
- (2) To curb litter on the streets, in the parks, and in the trees, protect the local streams, rivers, waterways and other aquatic environments, reduce greenhouse gas emissions, reduce solid waste generation, promote the use of reusable, compostable, and recyclable materials within Upper Merion Township, and to preserve the natural, scenic, historic, and aesthetic values of Upper Merion Township.
- (3) To relieve the pressure on recyclers servicing the Township, who cite single-use bags, single-use plastic straws, single-use plastic utensils, and expanded polystyrene food service products as a major source of contamination and inefficiency within the recycling stream.
- (4) To relieve the pressure for Township utilized landfills to manage the disposition of single-use products.
- (5) To reduce consumption of and exposure to microplastics, forever chemicals, and other chemicals found in plastics that have been scientifically shown to lead to health issues, including hormonal imbalances, infertility, and cancer.
- (6) To encourage township residents and businesses to adopt innovative solutions to transition away from single-use plastic products in favor of more cost-effective, reusable alternatives and more sustainable single-use alternatives.

B. Findings.

- (1) The use of single-use bags, single-use plastic straws, single-use plastic utensils, and expanded polystyrene food service products has severe environmental impacts, including greenhouse gas emissions, litter, harm to wildlife, ground level ozone formation, atmospheric acidification, water consumption, and solid waste generation.
- (2) There are several commercial establishments within Upper Merion Township which provide single-use bags, single-use plastic straws, single-use plastic utensils, and expanded polystyrene food service products to their customers, sometimes without the request or the desire of the customers.
- (3) Single-use plastic bags, single-use plastic straws, single-use plastic utensils, and expanded polystyrene food service products do not readily decompose.
- (4) Approximately one hundred billion single-use plastic bags are discarded by United States consumers each year. Given the difficulty of recycling these materials, less than 1 percent of single-use plastic bags are returned for recycling in the United States, and in Upper Merion Township, such bags are not curbside recyclable. Upper Merion residents alone are estimated to consume up to 18.5 million single-use bags each year.
- (5) Numerous studies have documented the prevalence of single-use plastic bags, single-use plastic straws, single-use plastic utensils, and expanded polystyrene food service products littering the environment, blocking storm drains, entering local waterways, and becoming stuck in or upon natural resources and public property.
- (6) The taxpayers of Upper Merion Township pay the costs related to the cleanup of single-use plastic bags, single-use plastic straws, single-use plastic utensils, and expanded polystyrene food service products from the roadways, trees, sewers, waters, and parks within the Township.
- (7) Recyclers cite single-use plastic bags, single-use plastic straws, single-use plastic utensils, and expanded polystyrene food service products as a major source of contamination within the recycling stream, leading to increased costs to the Township and decreased efficiency.
- (8) From an overall environmental and economic perspective, the best alternative to single-use plastic bags, single-use plastic straws, single-use plastic utensils, and expanded polystyrene food service products is a shift to reusable alternatives followed by single-use compostable or recyclable alternatives.
- (9) There are several alternatives to single-use bags, single-use plastic straws, single-use plastic utensils, and expanded polystyrene food service products readily available in and around Upper Merion Township.
- (10) It is recognized that single-use paper bag manufacturing, transportation and resource consumption also affect the environment, but they are biodegradable, single-stream recyclable, and provide a practical retail establishment alternative consistent with most local

and state single-use plastic regulations and prohibitions. Although preferable to single-use plastic bags, eventually the overall effects of producing, providing, and allowing single-use paper bags should also be mitigated to reduce waste, litter, and natural resource depletion by encouraging, facilitating and promoting reusable bag use.

- (11) An important goal of Upper Merion Township is to procure and use sustainable products and services.
- (12) An important goal of Upper Merion Township is to preserve the natural, scenic, historic, and aesthetic values of Upper Merion Township.
- (13) It is Upper Merion Township's desire to conserve resources, reduce the amount of greenhouse gas emissions, waste, litter, water pollution, and to protect the public health and welfare, including wildlife, all of which increases the quality of life for the Township's residents and visitors.
- (14) Studies and past experiences have shown that prohibiting the distribution of single-use plastic bags at the point of sale and placing a mandatory charge on other single-use bags reduces plastic litter and use of single-use bags and promotes the use of reusable bags.
- (15) As required by the Environmental Rights Amendment to the Pennsylvania Constitution, it is incumbent upon the Township to preserve the natural, scenic, historic, and aesthetic values of the Township.
- (16) It is the duty of the Board of Supervisors to conserve resources, reduce the amount of greenhouse gas emissions, waste, litter, water pollution, and to protect the public health and welfare, including wildlife, all of which increases the quality of life for the Township's residents and visitors.
