FINANCIAL SECTION

Independent Auditors' Report

To the Board of Directors
Upper Merion General Authority
King of Prussia, Pennsylvania

We have audited the accompanying financial statements of the Upper Merion General Authority (a component unit of Upper Merion Township), which comprise the statement of net position as of December 31, 2018, and the related statements of revenues, expenses and changes in net position and cash flows for the year then ended and the related notes to the financial statements.

Management's Responsibility for the Financial Statements

Upper Merion General Authority's management is responsible for the preparation and fair presentation of these financial statements in accordance with accounting principles generally accepted in the United States of America; this includes the design, implementation and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these financial statements based on our audit. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable assurance about whether the financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the financial statements. The procedures selected depend on the auditors' judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error. In making those risk assessments, the auditor considers internal control relevant to the entity's preparation and fair presentation of the financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. Accordingly, we express no such opinion. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluating the overall presentation of the financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

To the Board of Directors
Upper Merion General Authority
King of Prussia, Pennsylvania

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of the Upper Merion General Authority as of December 31, 2018, and the changes in its financial position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America (GAAP).

Other Matters

Required Supplementary Information

Accounting principles generally accepted in the United States of America require that management's discussion and analysis on pages 4 through 6 be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board, who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with evidence sufficient to express an opinion or provide any assurance.

UPPER MERION GENERAL AUTHORITY
(A Component Unit of Upper Merion Township)
MANAGEMENT'S DISCUSSION AND ANALYSIS (Unaudited)
YEAR ENDED DECEMBER 31, 2018

Our discussion and analysis of the Upper Merion General Authority's (a component unit of Upper Merion Township) financial performance provides an overview of the Authority's financial activities for the fiscal year ended December 31, 2018. Please read it in conjunction with the Authority's financial statements, which begin with the statement of net position.

OVERVIEW OF THE FINANCIAL STATEMENTS

The Authority's annual financial report consists of several sections. Taken together, they provide a comprehensive financial look at the Authority. The components of the report include the independent auditors' report, management's discussion and analysis, financial statements and notes to the basic financial statements.

The independent auditors' report briefly describes the audit engagement and also renders an opinion as to the material components of the Authority's financial position.

Management's discussion and analysis (MD&A), prepared by Authority/Township management, provides a narrative introduction and overview that users of the financial statements need to interpret the basic financial statements. The MD&A also provides analysis of some key data that is presented in the basic financial statements. It also addresses any other currently known facts, decisions or conditions that are expected to have a significant effect on financial position or results of operations.

The basic financial statements include the statement of net position, statement of revenues, expenses and changes in net position, statement of cash flows and the notes to the basic financial statements.

- The *statement of net position* shows the financial condition of the Authority at the end of the fiscal period or a specific snapshot in time.
- The *statement of revenues, expenses and changes in net position* measures the results of operations of the Authority during the fiscal period.
- The *statement of cash flows* measures the resources provided during the fiscal period and the uses to which they are put.
- The *notes to the basic financial statements* provide additional disclosures required by governmental accounting standards and provide information to assist the reader in understanding the Authority's financial condition.

REPORTING

The Upper Merion General Authority was established in 1986 to finance and oversee the expansion of the Township Municipal Building. The Authority charges the Township an annual rental fee which is equal to the debt service for the bond issue used to construct the building. The bond issue used to construct the building was paid in full in 2015. There was no annual rental fee charged to the Township in 2018. A five-member board, appointed by the Township's Board of Supervisors, governs the General Authority. Although legally separate, the Authority is considered a component unit of the Township because the Township is financially accountable for it.

Capital assets consist of building and improvements, net of depreciation, of \$2,149,311.

REQUESTS FOR INFORMATION

This financial report is designed to provide our citizens, taxpayers, customers, investors and creditors with a general overview of the Authority's finances and to show the Authority's accountability for the funds it receives and disburses. If you have questions about this report or need additional information, please contact the Director of Finance and Administration at 175 West Valley Forge Road, King of Prussia, PA 19406-1802.

UPPER MERION GENERAL AUTHORITY
(A Component Unit of Upper Merion Township)
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Purpose of the Authority

Upper Merion General Authority (the "Authority") is a separate legal entity (incorporated June 12, 1986), which is responsible for bonds issued to finance the construction, renovation, maintenance and operation of public use facilities in the Township.

Basis of Presentation

The financial statements of the Authority include all accounts of Upper Merion Township (the "Township") which relate to the Authority. The Authority is a component unit of the Township because of its role in financing and constructing Township facilities.

Basis of Accounting

The measurement focus is on the flow of economic resources and the accrual basis of accounting, whereby revenues are recognized when earned and expenses are recorded when incurred.

Deferred Outflows/Inflows of Resources

In addition to assets, the statement of net position will sometimes report a separate section for deferred outflows of resources. This separate financial statement element, *deferred outflows of resources*, represents a consumption of net position that applies to a future period(s) and so will *not* be recognized as an outflow of resources (expense/expenditure) until then. The Authority has no items that qualify for reporting in this category.

In addition to liabilities, the statement of net position will sometimes report a separate section for deferred inflows of resources. This separate financial statement element, *deferred inflows of resources*, represents an acquisition of net position that applies to a future period(s) and so will *not* be recognized as an inflow of resources (revenue) until that time. The Authority has no items that qualify for reporting in this category.

Net Position Flow Assumption

Sometimes the Authority will fund outlays for a particular purpose from both restricted (e.g., restricted bond or grant proceeds) and unrestricted resources. In order to calculate the amounts to report as restricted net position and unrestricted net position in the Proprietary Fund financial statements, a flow assumption must be made about the order in which the resources are considered to be applied. It is the Authority's policy to consider restricted net position to have been depleted before unrestricted net position is applied.

UPPER MERION GENERAL AUTHORITY
(A Component Unit of Upper Merion Township)
NOTES TO THE BASIC FINANCIAL STATEMENTS
DECEMBER 31, 2018

NOTE A - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES (Continued)

Property

Property consists of building renovations and other site improvements recorded at cost and depreciated using the straight-line method over estimated useful lives ranging from 5 to 40 years.

Use of Estimates

The preparation of financial statements in conformity with accounting principles generally accepted in the United States of America requires management to make estimates and assumptions that affect certain reported amounts and disclosures. Accordingly, actual results could differ from those estimates.

NOTE B - CASH

Deposits

Custodial Credit Risk - Custodial credit risk is the risk that, in the event of a bank failure, the Authority's deposits may not be returned to it. Deposits are insured under Act 72 of the 1971 Session of the Pennsylvania General Assembly, whereby financial institutions were granted the authority to secure deposits of public bodies by pledging a pool of assets, as defined in the Act, to cover all public funds deposited in excess of FDIC limits. As of December 31, 2018, all of the Authority's bank balance of \$51,609 was invested in state investment pools which are uninsured and uncollateralized.

NOTE C - CAPITAL ASSETS

The following is a summary of changes in capital assets during the year:

	Balance January 1, 2018	Additions	Deletions	Balance December 31, 2018
Building and improvements	\$ 8,072,168	\$ -	\$ -	\$ 8,072,168
Accumulated depreciation	<u>(5,722,331)</u>	<u>(200,526)</u>	<u>-</u>	<u>(5,922,857)</u>
	<u>\$ 2,349,837</u>	<u>\$ (200,526)</u>	<u>\$ -</u>	<u>\$ 2,149,311</u>

NOTE D - LEASE COMMITMENTS AND CONTINGENCY

The lease with the Township remains in place without any financial obligations between the Authority and Township. The Authority will remain in place for any future capital projects that may be deemed necessary.
