9) Moore-Irwin House, Structural Report

Update from BOS Liaison that the report had been received sometime in the interim between the August HC meeting and September HC meeting.

--BOS Liaison said the report had not been read, any discussion would depend on BOS Chair scheduling a BOS Executive meeting.

-- After discussing the time-frames, the HC respectfully asked if the township might consider replacing the tarp as soon as possible. This basic, inexpensive measure is an immediate need for the structure if the decision to save the M-I house is given the go-ahead in the future.

--BOS Liaison said that replacing the tarp now would be acceptable, and he asked Dave D to follow up with Geoff Hickman to have the tarp replaced as soon as possible.

10) Engaging Community with Saving Moore-Irwin House:

--Status of the Historical Commission’s request that the Board of Supervisors establish a working committee with members of the Historical Commission and Shade Tree Commission, members of the Department of Parks and Recreation, and also with some members of the community who are not on township citizens’ commissions or employees of the township: BOS Liaison stated that the BOS had questions about forming a working committee.

--The Historical Commission requests the Board of Supervisors’ approval to create a survey asking Upper Merion Township citizens what their vision is for the use of the Moore-Irwin Property. No update on this request.
