To Whom It May Concern:

Chapter 63 of the Alarm Devices Code of Upper Merion Township requires a valid permit be issued before an automatic protection device is installed. The code also requires the registration or re-registration of an alarm either by a new owner / tenant or by a business in the event of a change in trade name. Failure to obtain a permit constitutes a violation of Section 63-6 of Chapter 63 and could subject the offender to a fine of not more than \$300.00 plus the costs of prosecution.

In accordance with state law, a person who owns, uses or possesses an alarm device or automatic protection device is responsible for the maintenance of that system. **A fine will be issued if a fourth or subsequent false alarm activation occurs within the current calendar year (January 1st through December 31st).** On January 1st of each New Year all alarm subscriber records of activation will be reset to zero. The schedule of fines is as follows:

Offense	Fire	All Other
1 st Alarm	-----Warning-----	
2 nd Alarm	-----Warning-----	
3 rd Alarm	-----Warning-----	
4 th Alarm	\$100	\$100
5 th Alarm	\$200	\$100
6 th & Subsequent Alarms	\$300	\$100

Enclosed is a permit application for your convenience. Please complete and return this application along with a check or money order made payable to Upper Merion Township in the amount of **\$100.00**.

Please supply EMERGENCY NUMBERS (form enclosed) to enable the Police Department to contact your representative if your alarm is activated when no one is at the location. Emergency Numbers and the exact location of your business are vital to a prompt and effective response to your alarm. If your alarm system is no longer in use, return the enclosed application with a notation that the system is not in service

Thank you for your cooperation. If you have any questions concerning the alarm ordinance or Upper Merion Township Police alarm response procedures please contact the Police Records Department at (610) 265-0383.

Very truly yours,
